San Antonio Radio Club

Special dinner-meeting

There will be a special dinner-meeting at Youngblood's on October 18, 1955, of the San Antonio radio amateurs with the guest speaker Mr. George Hart, W1NJM, National Emergency Co-ordinator, the purpose of which is to discuss emergency communications, civil defense communications and ARRL matters.

We urge all amateurs in the area, who are interested in emergency and civil defense communications to attend, since Mr. Hart is from Headquarters, he will have very important and interesting information on CD, and the San Antonio Radio Club would like to show that the hams in this area are interested in CD, by having a very good turn-out.

The dinner will start at 6:30 PM at Youngblood's on Broadway, at $1.35 per person, for their chicken dinner, (other menus available). XYL's are welcome. We want the best possible service, and due to the fact that we haven't the slightest idea how many amateurs and XYL's will be present, we desire reservations by October 16. If you plan to come, please call:

DI2-5100

PE6-1308

PE5-8952

or if you prefer to write, send card or note to 1133 West Huisache.

We wish to take this opportunity to extend an invitation to ALL amateurs to attend the regular meetings of the San Antonio Radio Club, the first and third Fridays of each month at Woodlawn Lake. Time is 8:00 PM

If we have used an incorrect address please notify us so that future mailings will reach you more promptly.
